THE Democrats mean business, and are going in to redeem the Nlnth.

LET the Democratic warriors unsheather their swords now and go in to win.

W. M. FINLEY is now managing editor of the Louisville Post, with Theodore F. Bristol as his associate.

Let every Democrat remember from now on that the fires must be kept burn-ing on every bill, and the fight waged in every valley of this district.

THE success of the party in this district is what every Democrat should now work Every vote must be polied in No-ber, and polled for the nominee.

Captain Sam Bryart, of Augusta, has sued the Sheriff of Hamilton County, O., for \$10,000 damages for false imprison-ment, and his attorney is confident of winning the suit.

THE Mercury of Carlisle suggested ome time ago an old-fashion barbecue as soon as the Democratic nominee named. We now have our standard-bearer, and let's have the barbecue.

THERE is no doubt the Ninth district is Democratic by a large majority. All that is necessary is for the Democratic phal-anx to face their fee with a firm front and fight to the finish, and victory will be

Should the convention nominate Judge Savage the enemy will find in November that never in the past were there so many Savage men in this land as now, and should Judge Wall be nominated they will wake up after the vote is counted only to find their man buried unler a stone-Wall.-Bracken Chronicle.

The Tenth district of Kentucky, lyling in the eastern part of the State and represented in Congress by the Hon. William P. Tauthee, is remarkable for the homogeneous character of its population. It consists of twenty counties, with an aggregate population at the last census of about 152,000. In all of the twenty counties there are only 344 men, wome and children of foreign birth Most of and children of foreign birth. Most of these live in the towns of Winchester and Mt. Sterling. In sixteen counties, with a population of 105,656, there are only 61 foreign-born people. In ten counties, with a population of 75,986, there are only 15 foreign-born. In five counties, out of 30,395 people, there are only 3 whose nativity is not American. Bell, Ureathitt, Letcher, Magoffin, Perry, and Wolfe counties have such only conand Wolfe counties have each only foreign-born resident; Leslie and Harlan countles have none.—New York Sun.

JUDGE WALL is now the choice of the Democrats of this district for Congress. He is no longer the representative of one county or one section. He is the nomi-nee of the party, and as such deserves a warm and enhinasistic support from warn and enthusiastic support from every member of the party. Party suc-cess in November is what every one should now work for. Defeat in Novem-ber would be not a defeat of Judge Wail alone, but of the party he represents Past differences should he forgotten, and every one should labor from this on fo

victory.

Judge Wall is in the prime of life, and may be relied upon to do his part of the work, and do it well. As a speaker, he is pleasant and will hold his own in the fight to be made. He is an earnest worker in whatever he under-takes, and has been successful in the

takes, and has been successful in the practice of his profession.

Another thing, he bas never been defeated in any of the political contests he bas fought in the past. This shows his strength at home, and he has only to be known throughout the district to insure his success in November. Nothing can be said against his public and private life. His record is a clean one, and with him in Congress the district will have a sober, industrious and saile Representative. Democrats of the district, see that you do your duty from now on, and the Ninth will be redeemed in November.

Many a mother, startled in the night by the ominous sounds of Croup, finds the little sufferer, with red and swollen face, gasping for air. In such cases Apre's Cherry Pectoral is invaluable. Mrs. Emma Gedney, 150 West 128 st., New York, writes: "While in the country, isst whiter, my little boy, three years old, was taken ill with Croup; it seemed as if he would die from strangulation. Apre's Cherry Pectoral was tried in small and frequent doses, and, in less than hair an hour, the little patient was breathing easily. The doctor said that the Pectoral saved my darling's life." Mrs. Chaf' B. Landon, Gullford, Conn., writes: "Ayer's Cherry Pectoral
